

Have your own personal space that is comfortable, durable and flexible with **SIP-Pods**. Highly insulated, long lasting and maintenance free, you can now use your free time to do exactly that: free yourself. Composite panel technology ensures **SIP-Pods** are quality manufactured and highly comfortable spaces to be in, whether as living, creative or office space. Available in 3 different internal floor plans, and in a range of sizes, there is a **SIP-Pod** to suit every pocket and every propose.

Low energy consumption and with 20 year structure guarantee as standard - this makes a **SIP-Pod** the quality choice for the home or business owner.

Your Q-Pod options at a glance

Piccolo

A simple space to make your own
- for creative, study or home office
or a space for just some plain old
'Me' time

3m wide and available in 3m, 4m
or 5m lengths

Medio

A single space, but with the comfort and
room for a WC. Makes ideal occasional
accommodation or great working space
as a home office or study

3m wide and available in 4m or 5m lengths

Grande

Another great space, but with the
luxury of a full ensuite bathroom with
shower. Makes ideal accommodation
on your holiday pitch, or great way to
add space at home

3m wide and 5m long
